Reference No: **GEN-Disposal-01/2025-2026** Dated: March 05, 2026

Disposal of Redundant, Old and Defunct Power Plants of QESCO

Notice of Site Visits

Quetta Electric Supply Company (QESCO), as part of the bidding process for the disposal of redundant, old and defunct power plants, invites all interested and potential bidders to participate in the scheduled site visits for the following power stations:

Site Visit Schedule

- Lot-1: Pasni Power Station (17.46 MW) – March 11, 2026
- Lot-2: Panjgur Power Station (39 MW) – March 10, 2026

The site visits are intended to facilitate prospective bidders in familiarizing themselves with the site conditions, existing facilities, and materials prior to submission of bids.

Interested bidders are requested to coordinate with QESCO for participation and further details regarding the site visit arrangements.
